Education

University of Maryland: College Park (expected graduation: May 2018)

- Bachelor of Science: Computer Science
- Current Course: CMSC330 – Organization of Programming Languages, CMSC 351 – Algorithms
- Member of Honors College in the Design, Cultures, and Creativity Program
- GPA: 3.58

Skills

Languages

- Proficient in: Javascript (jQuery), Java, C
- Familiar with: Python, Ruby, HTML, CSS, OCaml, Assembly

Experience

Internship with Aurotech (Summer 2015)

- Interned at government contractor to develop a hybrid app using Phonegap and jQuery.
- The app searches the currently in-beta OpenFDA API to deliver information on medicine for consumers.

Zombie Text Adventure Game (2015)

- A text game made with jQuery to handle input and response text from a JSON.

Hackathon Experience

Bitcamp – “Singularity” (Spring 2015)

- Helped develop a web app with AI that responded to user audio input from microphone.
- Gave back input based off dialogue from plays as spoken by a 3D model.

HackPSU (2015)

- Helped to create a slideshow iOS app.

HackUMBC (2014)

- Developed a prototype of an Android social game app.

Extracurriculars

- Terrapin Hackers (2014-Present)
- Math Club (2015 – Present)
